Mt St Helens Bass Masters
173 Estes Rd
Castle Rock, WA 98611

To whom it may concern:

The Mt St Helens Bass Masters was founded in 1994 by a local group of bass anglers who wanted to create a club who would get together and fish competitive with a little friendly competition. The also wanted to ensure that the sport was managed so that future anglers could enjoy. Fishing it one of the fastest growing sports and is out pacing football, baseball and tennis among the youth for sports. Over 200 colleges have bass fishing teams and offer full scholarships for students.

Your donations will help us raise funds for conservation projects such as collecting trash at every ramp used by the club and youth programs that we are involved with. Our youth programs include the MSHBM Student Angler Federation (local high school students competing for college scholarships) as well as the Kid's Fishing Frolic in Longview, WA that reaches out to over 400 kids every April. We also partner with Bob's Sporting Goods and hold a Kid's Casting Contest each year that sees an average of 200 kids. We would greatly appreciate any help you can give us by donating cash or prizes for the raffle.

We would love to display any banners/products with your company logo so we can advertise your support of our event.

If you would like any more information on the Mt St Helens Bass Masters, please visit our website: www.mshbm.org

We are a Federal Tax exempt organization (IRS ID #: 84-5112450)

Sincerely,

Phil Martin, President
